GORREPATI SOWMYA SRI

Profile

A pre-final year B.Tech student at Gandhi Institute of Technology and Management (GITAM University), specializing in Computer Science and Engineering with a focus on Artificial Intelligence and Machine Learning (AIML). I have a strong foundation in programming languages such as C, Python, and Java, and I excel in data structures.

I am passionate about web development and thrive on transforming ideas into interactive and dynamic web applications. Proficient in HTML, CSS, and JavaScript, I eagerly embrace new challenges each day, continuously honing my skills and pushing the boundaries of what's possible on the web.

Objective

I am a passionate and innovative front-end developer with extensive experience in crafting engaging and responsive web applications. I aim to apply my passion for web development to contribute to the success of the company. Seeking an opportunity to utilize my skills in HTML, CSS, JavaScript, and modern frameworks to deliver high-quality, user-centric solutions. My background in collaborating with cross-functional teams and my ability to adapt to new technologies quickly have equipped me to handle complex challenges effectively.
